Dear whom this may concern

Re: The Carrier Bag Shop

The Carrier Bag shop is one of the most recent members of the British Promotional Merchandise Association (BPMA) joining in the beginning of May 2008.

Upon approval, the BPMA vet all members ensuring financial stability as well as upholding a strict code of conduct that members must adhere to. We provides access to professional training and development resources to ensure members can continually improve their knowledge and expertise within the industry.

From joining the BPMA, no doubt the team at The Carrier Bag shop is eager to develop professionally providing quality services and products to meet the promotional industry needs.
